</tbody>
</table>

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

- Polishing and cleaning hard materials to a mirror finish
- Polishing of metallographic and petrographic samples and cross sections
- Abrasive material

#### 1.3. Details of the supplier of the Safety Data Sheet

Vof Micro to Nano  
Wateringweg 79  
2031EK Haarlem  
Netherlands  
Tel: +31(0)85-2013155  
E: info@microtonano.com

#### 1.4 Emergency telephone number

112 (NLD) or your national emergency telephone number for chemical spills, leaks, fires, exposures or accidents

### Section 2: Hazards identification

#### 2.1. Classification of the substance or mixture

**Physical:** Low flammability
## Health

- Aspiration hazard 1
- Skin irritant category 2
- Eye irritant category 2B

## Environment

- None

## Other hazards

- None

### Classification according to Regulation EC Nr. 1272/2008

- **Xi:** Irritant
- **Xn:** Harmful
- **Health:**
  - R65: Harmful: may cause lung damage if swallowed
  - R38: Irritating to skin
  - R36: Irritating to eyes

- **Physical:** Not classified
- **Environment:** Not classified

## 2.2 Labeling elements

### Labelling accordance to Regulation EC Nr. 1272/2008

#### Hazard pictogramm(s):

![Hazard pictograms](image)

#### Signal word:

Danger

#### Hazard statement(s):

- H304: May be fatal if swallowed and enters airways
- H315: Causes mild skin irritation
- H320: Causes eye irritation

#### Precautionary statement(s)

**Prevention:**

- P102: Keep out of reach of children
- P201+P202: Obtain special instructions before use. Do not handle until safety precautions have read and understood
- P264: Wash hands thoroughly after handling
- P270: Do not eat, drink or smoke when using this product
- P273: Avoid release to the environment
- P280: Wear protective gloves/protective clothing/eye protection/face protection

**Response:**

- P308+P313: If exposed or concerned: Get medical attention
- P304+P315: If inhaled: Get immediate medical advice/attention
- P302+P352: If on skin: Wash with plenty of water and soap.
- P305+P351+P338: If in eyes; rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Section 3: Composition / information on components

3.1. Substances

Not applicable

3.2 Mixtures

Section 4: First aid measures

4.1. Description of first aid measures

Contact with eyes: Rinse cautiously with water for several minutes. If possible, remove contact lenses. Continue rinsing. Seek medical attention if irritation persists.

Contact with skin: Wash with water and soap. Seek medical attention if irritation persists.

Inhalation: Fresh air, keep warm and at rest. Seek immediate medical advice.

Ingestion: If swallowed, do not induce vomiting. Seek immediate medical advice. If vomiting appears imminent or occurs hold patient's head down, lower than their
hips to help avoid possible aspiration of vomitus.
Never give liquid to a person with reduced awareness
Give water to rinse out mouth, then provide water slowly as much as casually can comfortably drink
Avoid giving milk or oils
Avoid giving alcohol

4.2. Important symptoms and effects, either immediate or delayed

Inhalation: May cause damage to the lungs; chemical pneumonitis
Symptoms: cough, sore throat, asthma
Ingestion: May cause digestive tract irritation
Symptoms: sore throat, abdominal pain, nausea, vomiting
Skin contact: Mildly irritating to skin
Symptoms: redness and pain
Eye contact: Irritating to eyes
Symptoms: redness and pain, impaired vision

4.3. Indication of any immediate medical attention and special treatment

General advise: If you feel unwell, seek medical advice; show product label if possible
If symptoms persist, always call a doctor

Section 5: Firefighting Measures

5.1. Extinguishing media

Use dry chemical, CO2, chemical foam or water spray.

5.2 Special hazards arising from the substance or mixture

Not flammable or combustible, but will burn if involved in a fire.
Produces carbon oxides (CO, CO2), irritating smoke

5.3 Advice to firefighters

Fight fire from a safe distance, with adequate cover
Wear self-contained breathing apparatus and full fire fighting turn-out gear
Section 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation
Wear suitable protective clothing including eye/face protection

6.2 Environmental precautions

Avoid release to the environment
Do not allow to enter public sewers and waterways

6.3 Methods and material for containment and clean up

Clean up spills immediately
Collect spillage and wipe residue with a paper towel wetted with alcohol.
Collect spillage and dirty towels in a sealable waste container
Wash spill area with soap and water to remove last traces of residue

6.4 Reference to other sections

For further information see section 8

Section 7: Handling and storage

7.1. Precautions for safe handling

Avoid breathing dust/mist
Ensure adequate ventilation
Avoid contact with skin and eyes
Wash thoroughly after use
Wear protective gloves/protective clothing/eye protection

7.2 Conditions for safe storage, including any incompatibilities

Store locked up in a cool dry place
Keep out of reach of children

7.3 Specific end uses(s)

Industrial abrasive material
Section 8: Exposure control and personal protection

8.1 Control parameters

Exposure limits

Occupational exposure limits (OEL)

<table>

8.2 Exposure controls

Control procedures: Ensure adequate ventilation

Personal protection: Take precautions to avoid contact with eyes and skin when handling the products

Inhalation: In case of insufficient ventilation, wear suitable respiratory equipment

Hands and skin: Wear suitable gloves against chemicals; recommended gloves: Nitrile

Eyes: Wear safety goggles or full face protection

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance/physical state: Opaque paste of varying colours due to diamond powder size

Colour: Varying

Odour: Mild

pH: Not available

Boiling point/range: ≥100°C

Flash point: ≥95°C (closed cup)

Evaporation rate: Not available

Explosion limits: upper limit: Not available

lower limit: Not available

Vapour pressure: 1mm @ 1810°C

Specific gravity: 0.95 g/cm³ @ 20°C

Solubility in water: Insoluble
Section 10: Stability and reactivity

10.1. Reactivity

Not reactive under recommend or normal conditions of handling, processing and use

10.2 Chemical stability

Stable at normal temperatures and pressures

10.3 Possibility of hazardous reactions

No hazardous reactions known if used for its intended purposes

10.4 Conditions to avoid

No data available

10.5 Incompatible materials

No data

10.6 Hazardous decomposition products

Carbon oxides (CO, CO2), irritating smoke and toxic fumes

Section 11: Toxicological information

11.1. Information on toxicological effects

Information on likely routes of exposure:

- Inhalation: May be fatal if swallowed and enters airways
- Ingestion: May cause irritation
- Skin contact: May cause mild skin irritation, redness or rash
Section 12: Ecological information

12.1. Toxicity

No information available

12.2 Persistence and degradability

No information available

12.3 Bioaccumulative potential

No information available

12.4 Mobility in soil

No information available

12.5 Results of PBT and vPvB assessment

No information available

12.6 Hazardous decomposition products

No experimental data available

Section 13: Disposal considerations

13.1. Waste treatment methods

Product: This material and its container must be disposed of in a safe way. Do not discharge into drains or the environment, dispose to an authorised waste collection point.

National regulations: Disposal should be in accordance with local, state or national legislation.
Section 14: Transport information

Labels required: None

14.1. UN number

UN-number: Not applicable

14.2 UN proper shipping name

Proper shipping name: Not applicable

14.3 Transport hazard class(es)

Class: Not applicable
ADR/RID-Classification code: Not applicable

14.4 Packing group

Packing: Not applicable

14.5 Incompatible materials

ADR/RID- Environmentally hazardous: Not applicable
IMDG-Marine pollutant: Not applicable
IATA/ICAO-Environmentally hazardous: Not applicable

14.6 Special precautions for user

Not applicable

14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC code

Not applicable

Section 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Not applicable
Safety Data Sheet

Product name: Micro-Tec oil based diamond polishing paste
Document Nr.: SDS00129001599-01
Date: July 14th 2016
Version: 1.0

15.2 Chemical safety assessment

All substances are listed

Section 16: Other information

RoHS Directive Compliant
This product is fully compliant with the directive 2100/65/EU Annex II (RoHS). It does not contain any lead, cadmium, mercury, hexavalent chromium, PBB's or PBDE's.

WEEE
This product is not a piece of electrical or electronic equipment, and it therefore not governed by Directive 2002/96/EC on waste electrical and electronic equipment (WEEE)

Full Text Risk and Hazard codes

- H304: May be fatal if swallowed and enters airways
- H315: Causes mild skin irritation
- H320: Causes eye irritation
- R65: Harmful: may cause lung damage if swallowed
- R38: Irritating to skin
- R36: Irritating to eyes

Safety advice:

- S02 – Keep out of reach of children.
- S09 – Keep container in a well ventilated place.
- S13 – Keep away from food, drink and animal feeding stuff.
- S23 – Do not breathe gas/fumes/vapour/spray.
- S26 – In case of contact with eyes, rinse with plenty of water and seek medical help.
- S281 – After contact with skin, wash immediately with detergent and plenty of waterways.
- S29 – Do not empty in drains.
- S35 – This materials and its container must be disposed of in a safe way.
- S36 – Wear suitable protective clothing.
- S37 – Wear suitable gloves.
- S38 – In case of insufficient ventilation, wear suitable respiratory equipment.
- S39 - Wear eye / face protection.
- S40 – In case of insufficient ventilation, wear suitable respiratory equipment.
- S43 – In case of fire use....
- S45 – In case of accident or if you feel unwell, immediately contact Doctor or Poisons information center (show label if possible).
- S46 – If swallowed, seek immediate medical advice and show label if possible.
- S53 – Avoid exposure – obtain special instructions before use.
- S56 – Dispose of this materials and its container at hazardous or special waste collection point.
- S61 – Avoid release to the environment
- S63 – In case of accident by inhalation, remove casualty to fresh air and keep at rest.
- S64 – If swallowed, rinse mouth with water (only if person is conscious)

This product should be stored, handled and used in accordance with good industrial hygiene practices and in accordance with any legal regulation.

The information contained herewith is based on the present state of our knowledge and is intended to describe the product from the point of view of safety requirements. It does not guarantee any specific properties.

It is the responsibility of the user to query and verify any information seeming suspect or where doubt on the validity may exist. The buyer assumes all responsibility of using and handling the product in accordance with local, state, federal and international regulations.
